

Consultants - Advisors - Service Partners

Vedanta Resources is a diversified global natural resources group with interests in Oil & Gas, Zinc- Lead- Silver, Copper, Aluminium, Power and Iron Ore. Our operations are located across India, Zambia, Namibia, South Africa, Ireland, Liberia, Australia and Sri Lanka.

Vedanta Resources and its group companies invite Consultants-Advisors-Service Partners to propose and implement solutions in the following areas:

Strategic Services

- Financial advisory - structure & fund raising
- Business consulting
- Technical consulting for underground mines, smelters and power plants
- Tax and audit advisory
- Executive search
- Legal services
- Business outsourcing
- Branding/communication and PR
- Sustainability advisory including safety, environment and community relations
- Technology providers, and other services

Operational Services

- Mining contractors
- Material handling
- Transport/logistics
- Stevedoring/clearing/ forwarding
- Office and facilities management
- Comprehensive travel management
- Event management

An eminent panel will evaluate responses and the short listed parties will be invited for a meeting with the company's senior management.

Interested firms/specialists can email their expression of interest within 15 days of this publication at vicechairmanoffice.partners@vedanta.co.in
